

Miss Becky & Miss Nikki's
February 2010 PKC Newsletter

The groundhog said six more weeks of winter, but Pre-K is ready for spring! February was busy as usual with the Valentine's Day Party, a visit from the dental hygienist in honor of Dental Health month, the visit from Touchstone Center for the Arts, and of course, our Art Show. We kicked off the month by predicting what Punxatawney Phil would do, and then we watched the event online! We have some very talented families in Pre-K...the Valentine Mailboxes were amazing! Many of the children were able to read the names of every friend as they passed out their cards! We learned all about Dental Health when as we brushed "Mojo the Monkey's teeth" with the dental hygienist! While the children enjoyed a day off from school, the teachers renewed their certification in CPR, First Aid, and Fire Safety! We would like to introduce our student teacher, Miss Elizabeth, who will be spending each Monday and Wednesday with us! She has already won the hearts of the children, and she is going to be an excellent teacher!

I want to thank all of you for your cooperation in homework, communication, and Parent Involvement in general! In my fourteen years of teaching, this has been the most involved group of families I can remember! You all make our jobs so much easier! Thanks!

We are planning a full calendar of fun for March as we celebrate "Read Across America" with Dr. Seuss! We are hoping to schedule a month full of guest readers in Pre-K! If you or someone special would like to come in to read to our class, please let us know and we will schedule a time for you! In addition to Dr. Seuss stories, we will also be focusing on Dinosaurs, Ireland, and Outer Space this month! We hope that this month will instill a lifelong love of reading in each and every child!

As always, thank you for sharing your little ones with us!

Miss Becky and Miss Nikki!
