

June 2010

Please share this with your staff:

As I sit and remember Gianna's first day at Duck Hollow, she was two years old and still in diapers. I had to leave her with some lady named Miss Wilma, who I had just met. Miss Wilma smiled and said everything was going to be okay...and it was.

Now, Gianna is graduating from Pre-K and I'm so proud. I just want to say thank you for all you've done. The rose is a token of appreciation for the wonderful care you've given to my baby. I just wanted to express my appreciation for the foundation you've given my daughter. I believe it all starts with a strong foundation and she definitely has received this at Duck Hollow.

Please know you are all greatly appreciated for all of the things, big and small, that you do everyday. We will miss all of you!

Thanks again!

Proud Mommy of Gianna
