

PA Pre-K Counts Parent Testimonial

I would like to take the opportunity to tell you how pleased I am with Duck Hollow Discovery Learning Center and the PA Pre-K Counts Program.

My daughter began the program in September and continues to astound me with what and how quickly she is learning. The program focuses on learning in fun and creative ways. The questions she asks, the handouts she brings home and the homework we do together, support the lessons of the week. She enjoys reading books and now really likes the backpack activities the center provides as well. I can see the confidence in herself and her abilities increase every day.

The teachers have been extremely accessible, and willing to answer any questions I have. Their interactions with my child and myself are friendly, positive and strength focused. Each morning when I take my daughter to school, the teachers take the time to give me a brief update on her interactions with the teachers and her peers.

Lastly, my daughter likes the lunch program and lets me know the new foods she has tried. She enjoys having lunch with the other students and the teachers.

Overall, I am very pleased with the PA Pre-K counts program. All of my concerns regarding my daughter being one of the youngest in the program have been alleviated. Thanks for providing the opportunity for my daughter to be a part of this innovative program.
